

Blower Ventilation Fan

ASTBERG
VENTILATION

SPECIAL FEATURES :

- **Energy Efficient** : Low Power, High Airflow.
- **Easy to Move** : Handles or Wheels for Portability.
- **Lightweight & Durable** : Die-Cast Aluminum Alloy Build.
- **Powerful & Sturdy** : Direct Drive Motor for Reliability.
- **Efficient Blade Design** : Lobed Axial Shape for better Airflow.
- **Multiple Sizes** : Available from 8" to 12" Diameters.
- **Low Maintenance** : No Belts or Pulleys required.
- **Versatile Use** : Ideal for Ventilation, Cooling and Air Circulation.
